

Safety, Health & Environment Policy

We at Venus actively pursue Health, Safety & environment as an integral part of our business and operations. We strive to prevent and minimize environmental impact of our activities and products. We maintain a safe work place environment for our employees, contractors, visitors and local community and promote healthy & well being. We encourage employee through trainings to contribute to a safer environment at work, home and in the community.

All facilities and functions are governed by the more efficient use of material and energy, the substitution of hazardous materials where feasible and the optimization of material & recycling. We are committed to comply with all applicable legal requirements through Continual Improvement in the Safety, Health & Environment Measures.
